Characteristics

30-hour combined autonomy

The wireless earphones guarantee up to 6 hours of music playback or talk time. The charging case provides an additional 30 hours of autonomy. The box and earphones can be fully charged in just 2 hours using the USB type C cable supplied.

ANC

Active noise reduction technology that filters and attenuates unwanted external sounds. ANC gives you total immersion so you can enjoy your music to the full. It's also ideal for phone calls. By filtering out background noise, you can concentrate fully on your conversation and communicate clearly, even in noisy environments.

ENC

Advanced dual-microphone technology that effectively eliminates distracting background noise, giving you exceptional call quality. It's also ideal for voice recordings or online conferences. You can count on exceptional audio quality, with no distracting background noise.

Touch control

A touch sensor on each earpiece gives you quick and easy one-touch control. Listen to music or answer a call with the touch of a finger.

Voice control

With Siri and Google voice assistants, it's easy to control the device's main functions by voice or launch your favourite playlists.

Quality listening experience

Our headphones deliver a quality listening experience. They produce rich, detailed sound and offer excellent bass and treble reproduction thanks to a wide frequency range (20Hz-20kHz).

Optimum sound quality

Thanks to a moderate impedance of 32Ω, they offer purity of sound and better sound transmission without compromising on battery life. Whether you're listening to music, TV series or video games, the sound quality is ideal, so you won't experience any hearing fatigue, even during prolonged listening.

Fast connection

Bluetooth 5.3 wireless technology ensures both a stable and fast connection. After a quick set-up, your wireless headphones activate automatically. Remove them from their casing and they immediately connect to your device so you can enjoy high-quality sound.

Dual master: together or alone

Both earphones have a built-in microphone. So you can use the headphones individually (right or left) or both together for stereo sound. So there are no limitations with Twins ANC.

Splash- and perspiration-resistant

Splash-, rain- and perspiration-resistant, our headphones are perfect for an active or sporty lifestyle. They're the perfect companion for work and play, without the fear of water splashes or sweat!

3 sizes of silicone tips included

The three sizes of silicone ear tips are designed to give you a perfect fit for the shape of your ear. Enjoy better sound isolation, exceptional comfort and a secure fit for the ultimate audio experience. Whatever the size of your ears, the earphones are designed to fit you perfectly.

Made from 100% recycled plastic

Our Force Play earphones are eco-designed and made from recycled plastic to reduce environmental impact.

Strap slot

Provides a convenient way to keep your earphones close to hand and avoid losing them. By attaching a wrist strap, you can hang them around your wrist, attach them to your bag or belt, or secure them during sporting activities.

Optimised pack dimensions

Reduced to cut down on cardboard and the carbon footprint of transport

How the lifetime warranty works
Thanks to the lifetime warranty, Force Play replaces your left or right earpiece by new in case of lost.
To benefit from the lifetime warranty, all you need to do is create an account in a few clicks and register your product on the site www.force-play.fr, within 30 days of your purchase, with your purchase proof.
The Force service sends you a new earbud if you loose one. Once a year and with no time limit so that you can always enjoy your music!
